

I LOVE IT!

NAOMI direct digital x-ray system is a superb, smart and cost effective alternative to cumbersome film radiography. I LOVE IT! After switching to NAOMI direct digital x-ray system we noticed more speed, efficiency and incredible diagnostic power. Thank you RF SYSTEM! NAOMI direct digital x-ray system offers many advantages over traditional film based radiology.

Speed-

Take and evaluate 2 digital radiograph in under 1 minute!

Quality-

With the ability to adjust contrast, brightness and gamma settings every image can be altered to show great detail!

Cost-

After adding up the cost of traditional film radiology it is easy to see that the NAOMI direct digital x-ray system begins to pay for itself immediately!

Tech Support-

The NAOMI Tech support team is a wonderful group that offers prompt help with everything from setup instructions to fine tuning software settings. They are available 20 hours a day! NAOMI TECH Support makes sure you get the most out of your direct digital x-ray system!

NAOMI direct digital x-ray system adds the sense of cutting edge care that clients expect and appreciate today. With built in tools like magnification and the ability to mark, label, circle and highlight abnormalities, it is easy to ensure pet owners understand areas of concern in their pet's radiograph!

NAOMI DIRECT DIGITAL X-RAY SYSTEM BEGINS TO PAY FOR ITSELF
