No construction required **Just hang it on your air conditioner**

Device that transforms a regular air conditioner, inhaling and spreading out insanitary air, to the one that produces the clean sanitary air.

Sterilization Air Purifier, NIN-NIN US\$48 Flooded with orders!

Since it uses a gentle plant-derived non-alcoholic sterilizer, it is safe and secure even for kids.

Easy setup with a free-gifted grab reacher.

Wall equipped air conditioner

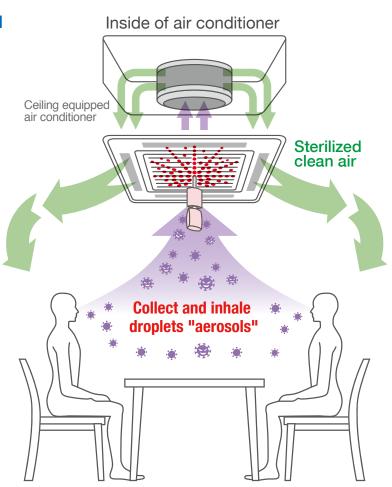

AA×4pcs

Refillable disinfectant liquid bag

Timing to refill About couple weeks (depends on operation time)

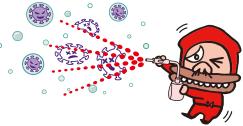

Just hang it! Instant setup!

Please keep using your ventilators. Please not to use alcohol disinfectant liquid (to avoid fires). Sprays in every minutes while air conditioner is on

"Air Conditioners was a villainous source" of inhalation, exhalation, and spreading out airs with droplets!

(Sorry to say this, the originally bad is corona virus.)

Exhoust droplets with corona in your room by collecting and inhaling them all!
